

Oxford Innovation EIS Growth Fund Update

Despite the turbulent economic conditions of 2022, Oxford Innovation EIS Growth Fund's made significant progress over the year. In line with our strategy, we continue investing and supporting innovative and ambitious early-stage companies that offer significant growth potential at different stages of their development.

The high quality of companies selected as part of our portfolio is reflected in their continued growth, with many participating in new funding rounds, with considerable uplifts in valuations to initial investment.

OI EIS GROWTH FUND 1

Each of our 9 portfolio companies are showing signs of progress through trials of products and traction in sales or commercial partners.

OI EIS GROWTH FUND 2

Funds have been deployed into 6 portfolio companies as we remain on track to invest the entirety of the Fund during 2022/2023.

FUND 1 INVESTMENTS

Av. investment £210,000

FOLLOW ON INVESTMENTS (FUND 2)

Av. investment £95,000

Fund 2 may invest up to 30% of total subscriptions into companies from the portfolio of Fund 1

FUND 2 INVESTMENTS

Av. investment £197,000

JENS THOLSTRUP, EXECUTIVE CHAIRMAN AT OXFORD INNOVATION FINANCE

“An increasing number of early-stage businesses with bold ideas are being founded and it remains important that they have access to the finance and support to accelerate growth. Start-up technology businesses are crucial to the UK's future prosperity and its economy.”

FUND 3 IS OPEN FOR INVESTMENT!

We are pleased to launch our 3rd EIS Growth Fund investing in innovative and ambitious technology companies. **Interested in investing? *Get in touch, or [visit our website](#) for more details***

Past performance of any investment(s) is not to be regarded as an indication of the future performance of that or any investments made by the Funds. No guarantee is given as to the performance of investments made by the Funds or the level of capital gains or income that will be generated by such investments.
